# HENRY FIRMLY OPPOSES NATIONAL PROHIBITION

Not Possible to Draw an Amendment That He Is Willing to Support.

HEAD OF RULES COMMITTEE.

Declares Congress Is Asked to Reverse Course and Surrender Police Powers of States to Absolute Fed-

WASHINGTON, August 30 .- "I shall ing to flational and the flat of the day by Representative Robert L. Henry, of Texas chairman of the House Rules Committee, before which the fight on each of these measures is

pending.
"It is not possible to draw an amendrit is not possible to draw an amendment providing for national prohibition that I am willing to support."

Representative lienry's statement was issued in connection with a letter addressed to liv. J. H. dambrell, of Dallas, head of the Texas Anti-Saloon League, who asked Mr. Henry to say whether a proposal for national prohibition could be so framed as to with his support. In his letter, Mr. Henry points out that with the passage of the Webb bill, the question of shipment of Equor into prohibition tertion was remanded to the jurisdiction of the several States.

"We now are asked," the letter adds, "to reverse our course, and surrender the police powers of the sovereign states to absolute Federal control."

With four of the eleven members of the Rules Committee openly opposed to a constitutional amendment for woman suffrage, two others probably against it, and four in favor, it is regarded as improbable that a special rule, under which the matter can be brought up, will be obtained during the present or the December ression of Congress.

### DRAWING THE COLOR LINE

As the new week opened, however, the fight for the leadership had narrowed for the moment at least to the Glants and Braves.

To-day's games drove the two Western teams farther to the rear and left Boston and New York half a game apart, the Glants having the advantage. The champions took a brace to other hand, a predicted break in Boston's wining career did not materialize for the Braves have wen their hast three games. The prospects of a chance at world's series money and honors still are anybodys among the first four.

Signal Employes May Build Their Own
Homes, Under Conditions.

PANAMA, August 30.—Owing to the
great demand for quarters and the
congested condition of those owned by
the Panama Canal government, Colonel
G. W. Goethals, governor, has decided
to permit many of the employes to
build their own homes on the Canal
Zone, under certain conditions.

Since the concentration of a large
part of the canal force on the Pacific
side of the Isthmus was begun the
demand for quarters has been so great
that the quartermaster's department
has been unable to meet it. The permits for these structures will be granted with the understanding that the
builders are not to receive any compensation from the canal government
in the event of the termination of the
owner's service at the canal.

WASHINGTON, August 30.—General Carroll A. Devol, of the Quartermaster's Corp, has been sent to Salem, Mass., to confer with the local authorities relative to the disbursement of the relief fund of \$200,060 for the fire sufferers voted by Congress last July, Inquiry concerning the fund, not a dollar of which has been expended, was made of Senator Weeks by W. S. Felton, of the relief committee.

Felion, of the relief committee.

To the Senator's letter of inquiry Secretary of War Garrison returned the reply that the matter had not been called to his attention, but that he had ent tieneral Devol north to investigate. The sundry civil bill, containing the salem item, became a law August I. The law provides that disbursement shall be made under the direction of the Secretary of War.

TROOPS NOT YET ON SCENE

Riots and Bloodshed Feared.

BUTTE, MONT., August 30.—An explosion carly to-day that destroyed the employing office of the Anaconda Copper Mining Company, caused Governor Stewart, at Helens, to order that Butte again be placed under guard of the State militia.

The explosion is regarded as the outcome of the reopening of the innersy jurisdictional quarret. Butte and Silver Bow County authorities immediately wired Governor Stewart for aid. Word later was received that the Governor had ordered a regiment of the National Guard to mobolize in Helena. It is not known when troops will arrive here. The Anaconda Company has placed guards about its properties, Meanwhile, Butte fears a resumption of the riots and bloodshed that rocked the city last June.

The explosion that wrecked the employing office was so violent that every building in the city was farred. Sleepers were awakened and thrown into a panic. The building is a two-story brick structure. A great hole was torn out. The watchman is reported missing.

Butte has been uncosy for a week. The Butte Mine Workers Union, composed of seceders from the Western Federation, recently began a campaign to force every man employed in the mines into the new organization.

Men on the street corners in the business district have been making addresses, in which they urged miners to use "direct action," not only in the mines, but in the business district.

No attempt has been mide to stop these inflammatory speeches. On one occasion President Michonald, of the row union, advised the authorities not to interfere under pain of experiencing direct action.

Warrants have been sworn out charging certain officers of the new union and others with kidnapping, and thene the sheriff has refused to serve because of threats made by those against whom they were directed. Mayor Union an announced that the police force was powerless.

# The Favorite of Your Favorite

TEN chances to one, your favorite ballplayer smokes Tuxedo. We have scores of testimonials from the crack men of the crack nines all over the country, saying that they enjoy Tuxedo and recommending it to you.

Also—look around you the next time you pick out that soft seat in the bleachers or grandstand and see how many of your neighbors are packing their pipes with Tuxedo or rolling it into cigarettes.

Size up the men who are smoking and endorsing Tuxedo. They're real men, full of life and the joy of life.

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is in a class by itself. It has many imitators-but in the pipe it has no equal. It is made of the best selected Burley Tobacco, the finest that Kentucky grows, ripened, cured and aged until it has reached the tip-top of mildness, mellowness and sweetness. Then it is treated by the original "Tuxedo Process" which takes out an the sting so it cannot possibly bite-even if you should smoke it all

day long. You simply cannot buy better tobacco at any price. Try Tuxedo to-day. You will see why these men are so fond of it.
